Cubbi

Design by Webb.

The Cubbi range is a collection of acoustic booths designed for those moments where personal space is required. Designed to wrap around those who need focused periods of concentration or a day of solo work.

These free-standing, sound absorbing enclosures offer visual privacy and reduced noise levels, the perfect escape from a busy environment.

Cubbi is available in two variants – with & without benches. They can be personalised to suit user requirements with integrated power modules, full cable management and a wide range of fabric options.
