Product Brochure

Kuppel

Designed by Jo Day; Rivr

Inspired by the Norwegian word for dome, Kuppel is a personal workspace solution that enables the user to escape the distractions of the open-plan office. The soft, circular shape invokes a sense of calm and seclusion, enabling feelings of peace and relaxation to aid physical and emotional wellbeing within a space.

Kuppel provides an acoustic shield and reduces visual distractions, whilst the generous 1.2 metre wide workspace, complete with power and a large tablet arm, promotes a prolonged dwell time, lending itself perfectly to the fast-paced modern workplace.
