Platforms

Designed by Roger Webb Associates

The Platforms range is a collection of simple and flexible 2-tier auditorium seating modules which can be configured in a multitude of ways to create environments for education and presenting.

A range of configurations work to create your ideal learning space. Modules feature under-seat storage and upholstered seat pads as standard for convenience and comfort. Extra options include integrated power for connectivity, lockable casters for mobility and floor coverings for protection.

Easy, tool-free assembly lends itself to the simplicity of the product. Platforms is available in three modules; 1350mm and 1540mm wide straights as well as a 1155mm wide corner unit. All modules are constructed from durable poplar plywood.
