HÅG Tion/mesh

As humans, we are meant to move. The HÅG chairs are designed to help you stay healthier, more active and alert by enabling effortless movement of your whole body while you sit and work. The result is more freedom, greater comfort, better productivity and well-being for all.

QUALITY

- HÅG Tion is flexible and sustainable and designed to fit just about anywhere; as well in the home workspaces as in dynamic office environments.
- With 54-75% recycled content, we believe it to be the most sustainable task chair in the world, helping you reduce your impact on the environment.
- The HÅG Tion collection is a thoughtful selection of colours and materials, creating an iconic and contemporary set of chair designs.
- HÅG Tion is a chair with flexibility at its core. Our trademark HÅG inBalance® movement mechanism provides comfort by moving with your body throughout your workflow, helping you stay healthy and active without compromising productivity.

10-year guarantee:

Flokk provides a ten-year guarantee against production defects on all HÅG office chairs that are in normal use for up to 9 hours per day.

Certifications:

Tested in accordance to EN 1335-1 2020 Type B, GS, EN 1729-2:2012+A1:2015 and EN 16139

Fire safety information:

CMHR foam (fire resistant foam) is available on request but must be specified at time of order and adds longer delivery lead times.

Maintenance:

Vacuum clean the chair with a furniture brush or wipe it with a clean, white cloth or sponge slightly dampened with clean lukewarm water. Do not remove any plastic parts or attempt to open the seating mechanism. Contact your Flokk dealer if the chair requires servicing or maintenance.

ENVIRONMENT

- Designed for easy disassembly and refurbishment without using any special tools.
- Made with 54-75% recycled materials.
- Carbon footprint 17-27 kg CO₂e for model 2100 without armrests.
