-  Black (S)
-  Polished aluminium (E)

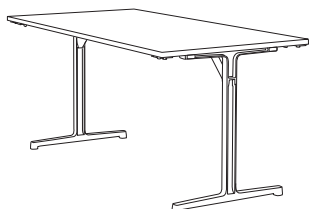

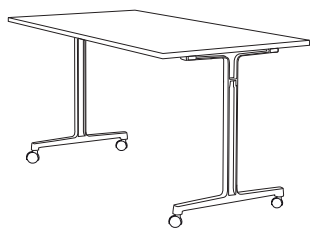

Contemporary design and functionality. RBM Connect has an architectural quality that can vitalise the creative advertising agency as well as the mobile office and the assembly room. It is a flexible, light and easy-to-use table.

The RBM U-Connect is designed to be easily moved and stored in tight spaces. Castors on the base allow effortless movement to create different furniture settings, while the overall design and folding mechanism allows tables to be stacked together neatly side by side.

RBM e-Connect can be collapsed and folded with a simple operation and stacked together flat on a trolley. Practical, as it should be.
