

## LEED v4 for Interior Design and Construction LEED ID+C: Commercial Interiors (CI)

**RBM Noor 6050 can potentially contribute with  
7 LEED v4 points + Bonus credit as specified below**

(Contributions from **RBM Noor collection** listed in table)

LEED for Commercial Interiors offers building owners, tenants, designer and contractors a guideline for creating more efficient, healthier interior spaces that promote comfort and productivity. Points are earned across seven major credit categories, where RBM's products support two of the categories (MR + EQ).

### Materials and Resources (MR)

#### **MR CREDIT: LONG-TERM COMMITMENT**

**LEED intent:** to encourage choices that will conserve resources, reduce environmental harm from materials manufacturing, and transport for tenants' relocation

**Support:** RBM Noor 6050 and the RBM Noor collection have 10 years warranty contributing to keep interior at the same location for at least 10 years.

**LEED contribution: 1 point potential**

#### **MR CREDIT: INTERIORS LIFE-CYCLE IMPACT REDUCTION**

**LEED intent:** To encourage adaptive reuse and optimize the environmental performance of products and materials.

**Support Option 2. Furniture Reuse:** RBM Noor 6050 and the RBM Noor collection are high quality durable products, designed for long life span with changeable parts – feasible for reuse and reconfigurations.

**LEED contribution: 1 point potential**

**Support Option 3. Design for Flexibility:** RBM Noor 6050 has a timeless design intent allowing multiple user scenarios and ever changing user demands. The product is made of 100% recyclable materials, with product labelling allowing traceability for disassembly.

**LEED contribution: 1 point potential**

#### **MR CREDIT: BUILDING PRODUCT DISCLOSURE AND OPTIMIZATION - ENVIRONMENTAL PRODUCT DECLARATIONS**

**LEED intent:** To encourage the use of products and materials for which life-cycle information is available and that have environmentally, economically, and socially preferable life-cycle impacts. To reward project teams for selecting products from manufacturers who have verified improved environmental life-cycle impacts.

**Support Option 1. Environmental Product Declaration (EPD):** RBM Noor 6050 and the RBM Noor collection have an EPD published and publicly available, according to ISO 14025 Product-specific Type III EPD, with third-party certification.

**LEED contribution: 1 point potential**

**Bonus credit potential:** RBM Noor 6050 and the RBM Noor collection are manufactured in Nässjö, Sweden. For credit achievement calculation, products sourced (extracted, manufactured, purchased) within 100 miles (160 km) of the project site are valued at 200% of their base contributing cost.

**MR CREDIT: BUILDING PRODUCT DISCLOSURE AND OPTIMIZATION – SOURCING OF RAW MATERIALS**

**LEED intent:** To encourage the use of products and materials for which life cycle information is available and that have environmentally, economically, and socially preferable life cycle impacts. To reward project teams for selecting products verified to have been extracted or sourced in a responsible manner.

**Support Option 2. Leadership Extraction Practices – Recycled content:** RBM Noor 6050 contains 21% recycled materials, whereas 21% is postconsumer recycled.

**LEED contribution: 1 point potential**

**Bonus credit potential:** RBM Noor 6050 and the RBM Noor collection are manufactured in Nässjö, Sweden. For credit achievement calculation, products sourced (extracted, manufactured, purchased) within 100 miles (160 km) of the project site are valued at 200% of their base contributing cost.

**MR CREDIT: CONSTRUCTION AND DEMOLITION WASTE MANAGEMENT**

**LEED intent:** To reduce construction and demolition waste disposed of in landfills and incineration facilities by recovering, reusing, and recycling materials.

**Support Option 1. Diversion:** RBM Noor 6050 and the RBM Noor collection packaging material – primary cardboard - can be sorted and recycled, using local recycling partners and stations – depending on local regulations.

**LEED contribution: 1 point potential**

## Indoor Environmental Quality (EQ)

**EQ CREDIT: LOW-EMITTING MATERIALS**

**LEED intent:** To reduce concentrations of chemical contaminants that can damage air quality, human health, productivity, and the environment.

**Support:** RBM Noor 6050 and the RBM Noor collection are Greenguard Gold certified, an acceptable third-party certification meeting VOC emission requirements of ANSI/BIFMA e3 Furniture Sustainability Standard.

**LEED contribution: 1 point potential**

<b>RBM Noor collection contribution</b>	<b>LEED v4 points</b>	<b>% recycled materials</b>	<b>% postconsumer recycled</b>	<b>% recyclable materials</b>
<b>RBM Noor 6050</b> - Plastic shell + Steel tubular legs	7	21%	21%	100%
<b>RBM Noor 6055</b> - Veneer shell + Steel tubular legs	7	21%	21%	64%
<b>RBM Noor 6060</b> - Plastic shell + Steel sledgebase	7	18%	18%	100%
<b>RBM Noor 6065</b> - Veneer shell + Steel sledgebase	7	19%	19%	71%
<b>RBM Noor 6070</b> - Plastic shell + Al footbase w/ castors	7	50%	50%	100%
<b>RBM Noor 6075</b> - Veneer shell + Al footbase w/ castors	7	51%	51%	81%
<b>RBM Noor 6080</b> - Plastic shell + Wooden legs	7	43%	43%	87%
<b>RBM Noor 6085</b> - Veneer shell + Wooden legs	7	44%	44%	57%
<b>RBM Noor 6090</b> - Plastic shell + Steel medium-high sledgebase	7	22%	22%	100%
<b>RBM Noor 6095</b> - Veneer shell + Steel medium-high sledgebase	7	22%	22%	76%
