

DESIGNED FOR HUMAN PERFORMANCE

RH ACTIV 300

An RH chair is the perfect work tool, a chair that puts you in an optimal position all day, every day. A few simple adjustments is all it takes to make your RH chair fit your individual anatomy. RH chairs support an upright posture and active sitting, increasing your performance.

RH Activ 300 is an individual adaptable chair system especially designed to fit in to demanding environments like industry, laboratories, and cashier desks. With its unique back solution that can be folded down to easily slide under any desk, the RH Activ 300 series effortlessly adapts to different environments, including narrow spaced workplaces where people shift between sitting and stand-up working positions.

Ergonomics

Providing complete support in any working position, enabling you to always sit correctly and breathe properly.

- Seamless and separate adjustable seat and back angle.
- Pictograms on all handles and levers make the chair easy to use, easy to understand.
- Replaceable seat and back, easy to change.
- A user-friendly multiuser chair, where you sit well for both short and long periods.
- Can be tailor-made to almost all tasks and environments. Three different seats, two gas stems, extra reinforced seat, back upholstery for heavy use and foot-ring.
