

RH EXTEND

DESIGNED FOR HUMAN PERFORMANCE

RH EXTEND

This elegant office chair is as user-friendly as it is ergonomic. RH Extend is designed to give your body the best possible support and relaxation, while at the same time encouraging you to move around. RH Extend is easily adjustable to give everyone a unique working position. RH Extend is also available in ESD editions.

DESIGNED FOR HUMAN PERFORMANCE

The RH Extend is a high-performance ergonomic work tool. Its intuitive design makes it the ideal choice for today's everchanging workplace. The Extend range comes in two sizes – medium and large – and with two mechanism options ensuring the perfect fit for any organisational need.

INTUITIVE DESIGN

HOW THE RH EXTEND WORKS

DESIGNED FOR HUMAN PERFORMANCE

A FUNCTIONAL CHAIR AT A COMFORTABLE PRICE

The RH Extend is a high-performance ergonomic work tool. Its intuitive design makes it the ideal choice for today's everchanging workplace. The Extend range comes in two sizes – medium and large – and with two mechanism options ensuring the perfect fit for any organisational need. The fact that it is also among the very best of environmentally sound chairs available makes it an even more compelling proposal.

RH Extend follows your slightest movement – regardless of working position. The chair maintains its basic settings regardless of whether you lean forwards or backwards or whether you lock or release the tilt mechanism – a practical and simple alternative when several people use the same chair.

RH Extend 200 and 220 has a separate back angle adjustment. The back of the chair can be angled precisely according to individual preference, making this a uniquely adjustable and user-friendly chair.

DESIGNED FOR LONG-TERM USE

DESIGNED FOR HUMAN PERFORMANCE

RH Extend is designed with material use and disassembly in mind. Selected components contain recycled materials, and the chair is designed to make it easier to separate components and materials for recycling where appropriate.

The seat and backrest pads are replaceable, so they can be changed when needed without replacing the entire chair. This makes it easier to maintain and repair RH Extend over time.

CERTIFICATES

- EN 1335
- IEC 61340 (ESD)
- BS 5459
